Acronyms

IEBS – Illinois Employment Business System

IWDS – Illinois Workforce Development System

LWIA – Local Workforce Investment Area

RRU – Rapid Response Unit and typically a team member

D&B – Dun and Bradstreet

LMI – Labor Market Information

EDR – Economic Development Region

WARN – Worker Adjustment and Retraining Notification

TAA – Trade Adjustment Assistance commonly known as TRADE

NAICS – North American Industry Classification System

SOC – Standard Occupational Classification

AFL/CIO – union group

DCEO – Department of Commerce and Economic Opportunity

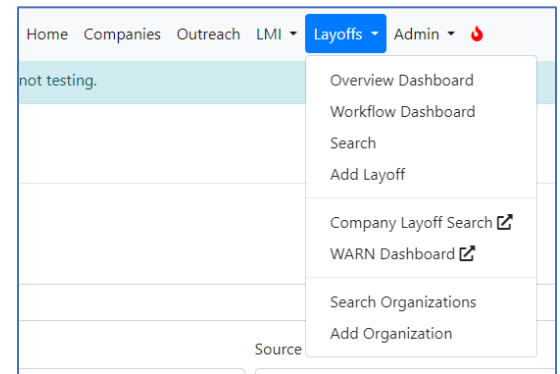

UI – Unemployment Insurance

Adding a Layoff

Layoff events are entered into IEBS upon notification of a potential or confirmed event. Partners can use “Search” to see if an existing layoff is in the system. To create a layoff in IEBS, follow these steps.

Process for Adding an Event

1. Select **Layoffs** tab in the header row.
2. Click the dropdown arrow; select **Add Layoff**.

Lookup Company

1. Select **Lookup Company** button. Enter information into the pop-up modal to search D&B for the layoff location.
2. **D&B Search** *As information is entered results display in real-time.*
 - a. Enter company name as listed on the notice.
 - b. Enter the city field.
 - c. Enter the numerical part of the address only.
3. **If a match is found**, the location is available in the D&B database. Click **Select** next to the location.
 - a. If there is no exact match on this search screen check to see if the location has a previous or existing IEBS event associated with it.

Select a source

Lookup Company

X

D&B Search

Search using the D&B API and find the company that best represents the location you're adding for the layoff. If you cannot find the related company, click the **Search IEBS Database** button.

Search IEBS Database >>

Search Tips

- Search using only the numerical part of the street address and the city name. Example; for 123 S. Main St., Springfield, IL 62704, use **123** in the Street Address Field and **Springfield** in the City field.
- Be advised that some companies may be listed under their corporate name. You can change the location name after entering the event.

Company NameSouth Elgin

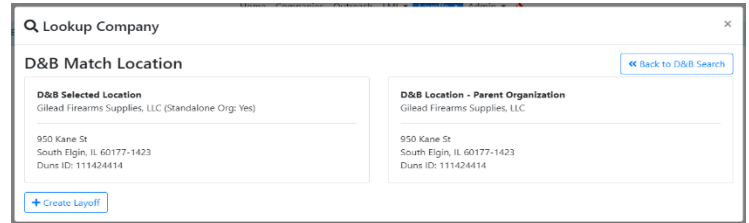

950Illinois

ResetSearch

Organization Name	Address	Industry Codes	Type of facility	Select
Gilead Firearms Supplies, LLC	950 Kane St South Elgin, IL 60177-1423	50990000 - Durable goods, nec	Standalone Organization	Select

- b. Click **Search IEBS Database**. Search results from the previous search screen will carry-over to this screen and will auto-fill at the bottom of this window. If the location still does not appear try the following steps below:

- i. Try using just the first few letters of the company name.
- ii. Leave out the city field to broaden the search.
- iii. Enter the numerical part of the address only.
- iv. **If there is no exact match** on this search screen, this location needs to be entered manually by the user. (Refer to the **Adding Organizations Guide**)

Q Lookup Company

D&B Match Location

D&B Selected Location
Gilead Firearms Supplies, LLC (Standalone Org: Yes)

950 Kane St
South Elgin, IL 60177-1423
Duns ID: 111424414

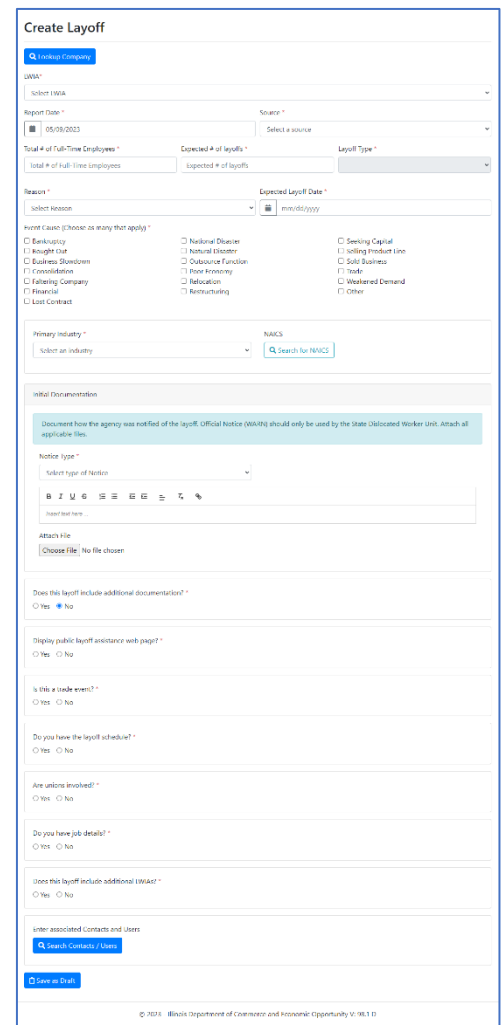

D&B Location - Parent Organization
Gilead Firearms Supplies, LLC

950 Kane St
South Elgin, IL 60177-1423
Duns ID: 111424414

[+ Create Layoff](#)

[← Back to D&B Search](#)

4. On the D&B Match Location screen, you will see the location you selected on the left and the Parent Organization details, if any, on the right. Click **Create Layoff**.
5. **LWIA** - Fill in the LWIA for this event. When selecting the LWIA, a pop up modal may ask if the contacts for this event need to be changed. Select **Replace contacts**. The contacts for the appropriate LWIA will be added to the list of contacts.
6. **Report date** - Automatically reflects the current date and can be changed if the notice is a prior date.
7. **Source** – Select the source of the layoff notification.
 - a. Affected Worker
 - b. AFL/CIO
 - c. Company Notification
 - d. DCEO
 - e. LWIA
 - f. News/Media
 - g. Program Manager
 - h. Trade Notification
 - i. Union
 - j. Other
8. **Numbers** - Enter the number of full-time employees and expected number of layoffs. The type of layoff will automatically populate based upon the number of Expected Layoffs entered.
9. **Reason and Expected Layoff Date** - Select a reason for the Layoff or plant closure and the expected date for the first group of employees scheduled to be laid off.
10. **Event Cause** - Check all boxes appropriate for the Event Cause that are known.
11. **Primary Industry & NAICS** – This information is auto-populated from D&B. The information may be changed if there are multiple position types at the business. NAICS is an industry code. Additional NAICS codes may be added.
12. **Initial Documentation** – This is the information received to initiate the layoff.

- a. **Notice Type** – Choose official or unofficial and add a note. Choose any files associated with the notice to upload as proof. Official notice types will require WARN documentation to advance layoff creation.

13. Additional questions – Complete the following questions:

- a. Does this layoff include additional documentation? Add additional notes as appropriate.
- b. Display public layoff assistance web page – only choose yes if this is an official notice. The layoff creates a custom URL that can be edited. The link can be found underneath the map image on the layoff.
- c. Is this a trade event? If yes, enter the petition information requested.
- d. Do you have the layoff schedule? Enter the dates known and how many individuals are associated with that date.
- e. Are unions involved? If yes, search for a union and answer the additional questions.
 - i. Have you been able to research the union involvement with the layoff? *
 - ii. Does the union have members at other companies / locations?
 - iii. Does the union offer any of the following services?
 1. Job Training
 2. Employment Services
 3. Bumping Rights
 4. No Services
 - iv. Does the following apply to union employees?
 1. Individuals will receive 'sub-pay' during layoff period.
 2. Individuals are required to actively seek work while collecting UI – Unemployment Insurance.
 3. A collective bargaining process will take place prior to layoff.
 4. None
 - v. Is the union on strike?

14. **Save as Draft** or **Save and Approve** – Unless it is an official WARN partners may want to initially save as a draft for a short period of time.

Edit Layoff

The system creates a layoff page where all information may be updated following the initial addition of the layoff.

- Left-hand menu – As the partner scrolls through the layoff information, the left-hand menu automatically moves with the user. Or jump to a profile section by clicking the section name in the left-hand menu.
- Top menu – Includes the layoff information, questionnaires associated with the layoff, history of the layoff, LMI associated with the layoff and a log of all changes associated with the layoff.

Edit Status

Click the button on the right side just above the map of the location to edit the status of the layoff.

Click the button to change the status of the layoff – includes False Report, Closed, or Deleted.

Overview of Layoff

The next section displays an overview of the layoff to date. As specific items change, the overview section will automatically update.

The left-hand column shows the information about the layoff.

The middle column shows associated dates.

The right-hand column shows associated LWIA, Notice dates, and services.

Layoff Type	Local	IEBS ID	20230417001	LWIA5 - Kane County Department of Employment & Education
Trade	No	DOL Rapid Response ID		WARN Notice

		Total # of Employees	30	
		Expected Layoffs	13	
		Revised Layoffs	13	

Links in **BLUE** are clickable and will take the user to that section of information to edit.

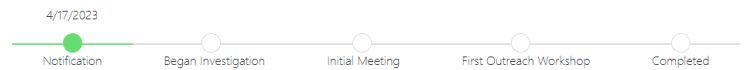

To make edits to the layoff information:

Click the Edit Information button under the map to change information that may have been incorrectly entered. This includes the URL for the public layoff page.

Phase

This provides a concise timeline of dates when items occur. The dates are automatically filled as sections are filled.

Phase

- Notification is filled when a layoff notification is entered into IEBS.
- Begin Investigation is filled when a note is added labeled Investigation.
- Initial Meeting is filled when a Workshop/Meeting is added labeled as Initial Meeting.
- First Outreach Workshop is filled when a Workshop/Meeting is added labeled as Outreach Workshop.
- Completed is filled when Layoff Information is marked as Closed.

Organization

When creating the layoff, the user associates the layoff with a business in Dun and Bradstreet.

Click the blue Company name to open another screen with the company information, contacts, and all locations.

Company Contacts can be updated on the company information page or in the lower contacts section on the layoff page.

Company locations can be added on the company information page. Users are redirected to the Dun and Bradstreet lookup page.

Contacts

Contacts are designated by the LWIA in which the layoff is located and company contacts.

Click Edit Contacts in the upper right corner to make changes.

Click the red X in the corner of the contact to remove.

Click the Search Contacts / Users to add additional contacts.

Select from IEBS users on the first tab or Company contacts on the second tab.

Click the Add button in the far-right column to add the contact. *This is useful if a company is close to an LWIA border and contacts may span areas.*

Contacts may also be removed from this list.

Click Done Editing when finished.

Workflow Dashboard

Track the workflow of layoffs by using the Workflow Dashboard.

- The left menu works the same way as the layoff. As the partner moves to a section, the menu moves as well.
- Based upon access level, data may be filtered by User or LWIA
- Click the left menu section to be directed to that part of the Workflow dashboard.
- By clicking the column header name, users can sort the information in the table by the information in that column.
- Click on the company name in any table to be directed to the layoff or questionnaire.
- Clicking the “WiFi” symbol by a company name directs the user to the public layoff page.
- Limit the number of items in the list by selecting a choice. Jump to a specific page of results by entering a page number.

Search - Layoffs

Use the Search function to see if a layoff is already entered in IEBS. As parameters are selected the list auto changes. Several of the filter options include multi-select by adding one option at a time. Partners can switch views to have the search parameters at the top or on the left-side of the layoff list.

Filter options

- Location Name, IEBS ID, or Petition Number – the partner can enter any of those items to search. The list will filter on partial search, i.e., begin typing the name or number and matches will show based upon what was typed.
- Status
 - False Report
 - Pending Verification
 - Active
 - Closed
 - Deleted
 - Draft
- Layoff type
 - WARN
 - Local
- Trade – All, Yes or No
- Has WARN Notice – All, Yes or No
- Advanced Date Filters
 - WARN Received
 - Supplemental Received
 - Last Reported – enter dates.
 - Initial Date Reported – enter dates.
 - Workshops Held
 - Scheduled Layoff – enter dates.
- Public – Yes or No if the layoff is publicly posted.
- Unions Involved – Yes or No if there are unions involved with the impacted individuals.
- Expected # Laid Off – enter a minimum and/or maximum.
- Industry or NAICS – select from an industry list or enter a NAICS code.
- All (Layoffs), My Layoffs, Users, Partner Access List (LWIA users) – determine which layoffs to be viewed by whose layoff it is. When Users or Partner Access List is selected – the user will be presented a list from whom to select.
- City, County, LWIA, EDR, Region – enter the information by each geographic filter to be added to the search results. Begin typing the city and options will display. Select from a list for the county, LWIA, EDR, and Region.

- Place and Radius - are for map selections. The view switches to a map of Illinois with location pins. Radius allows the partner to drag a radius around a point to search the map. Layoffs associated to the radius display with location pins inside the radius.
- Advanced filters include Reason for layoff and Event Cause – both selected from a dropdown.
- Download – yields an Excel document with all the layoff information entered and tabs for:
 - Event Totals
 - Monthly Totals
 - Scheduled Layoffs
 - Industry Totals
 - Workshops
 - Workshop Totals
 - Details

Map View (illustrated above) – Use the filters to display different aspects on the map.

- LWIA shows the map boundaries for the LWIA's.
- EDR shows the map boundaries for the EDR's.
- Unemployment shows county boundaries for UI reporting and is color coded for unemployment rate during the time of the search parameters.
- None – shows only the outline of the state of Illinois.
- Map Pin - shows locations with pins color coded by type of layoff.
- Heat - shows color centers for layoffs on the map.
- Pin + Heat – shows the pins of the locations and the color centers around the layoffs.

Layoff Totals

- Event Totals - is a summation table by month/year of WARN, Local and Total as far as data goes back in IEBS.
- Schedule Totals – is a table of the sum of layoffs by month/year.
- Scheduled Layoffs – is a table of events scheduled with date, count, and location.
- Calendar – is a calendar view either by calendar or list.
 - Filter by previous month, current month, next month
 - Filter by All, Layoffs, Workshops/Visits
- Industry Totals – provide an overall number for the largest impacted industry.
 - Charts of all reported industries and expected layoffs by industry.
 - Table of industry with company layoff events, industry percentage, # of expected layoffs, and Expected Layoff Percentage

Users

A list of IEBS users and the number of layoffs to which they are assigned.
